

Scott-Gross Company

Specialty Gas

Real Value - Testimonial

"Thank you again for your time and talent given in preparing an excellent, informative, and very important session for the employees at the Center for Applied Energy Research, it was appreciated."

Ruthann Chaplin REHS/RS EHS Specialist,
Center for Applied Energy Research, University of Kentucky

Safety Seminars

As compressed and cryogenic gas professionals, Scott-Gross Company offers this presentation to our customers. Our safety seminars are designed to promote a safe environment for your employees that use compressed and/or cryogenic gas products. We discuss basic compressed and cryogenic safe practices and also delve into selecting the right equipment for the right application. The seminar last between 40-50 minutes with questions and individual consultation following.

Seminar Outline:

- From the Atmosphere to your Lab...
- Gas Properties
- Cylinder Identification and Markings
- Cylinder Handling and Storage
- Cylinder Connections
- Pressure Regulator Safety
- Emergency Plan

Peter Van Slyke of Scott-Gross will repeat this presentation four times for Purdue attendees (room might fill):

Tuesday 9/29/2015

BRWN 4102 9:00A - 11:00A

BRWN 4102 2:00P - 4:00 P

Wednesday 9/30/2015

BRWN 4102 9:00A - 11:00A

BRWN 4102 2:00P - 4:00 P
