APR 6TH, 2026

PURDUE ANALYTICAL CHEMISTRY OUTREACH EVENT

Eli Lilly Synthetic Molecule Design & Development (SMDD) and Bioproduct Research & Development (BRD) is excited to connect with analytical chemistry students at Purdue University! Join us to learn about career opportunities in pharmaceutical analytical chemistry! Our team will share insights into small molecule and biologics development while answering your questions about transitioning from academia to industry.

“TAKE WHAT YOU FIND HERE AND MAKE IT BETTER AND BETTER.”

Colonel Eli Lilly, 1882

Monday April 6th

General info presentation: 10-11 AM (BRWN 4102)

Informal networking session: 11 AM-12 PM (BRWN 4102)

Individual 1:1 meetings with interested students: 1-4:30 PM*

**To participate, please sign up through Microsoft Form Survey prior to March 27th, 2026*

SCIENTISTS FROM ELI LILLY

Judy Liu

Advisor – Analytical Chem
Synthetic Molecule
Design & Development

Casey Smith

Sr. Advisor – Analytical Chem
Synthetic Molecule
Design & Development

Bridget Murray

Advisor – Analytical Chem
Bioproduct Research &
Development
