Join us for our **Get to Know GE Webinar**, during which you’ll get an overview of who we are and how we’re creating innovations that make a better world.

GE is the largest infrastructure company in the world, and we have four core businesses—GE Aviation, GE Power, GE Renewable Energy, and GE Healthcare. In each of these areas, we bring together the world’s brightest minds to tackle its toughest problems.

In our webinar you’ll hear about why we exist and how we rise to the challenge of building a world that works. We’ll share what we believe in and how we give back as an organization. We’ll also share more on the exciting opportunities to intern or join GE upon graduation.

This 45-minute webinar will be led by Tanya Spencer, GE Gas Power’s Chief Diversity Officer, and include a Q&A session at the conclusion.

**Thursday, September 3rd**
5:30 - 6:15 p.m. ET

Hosted by
Tanya Spencer
GE Gas Power’s Chief Diversity Officer

**RSVP FOR SEPT. 3**
