Virtual Cocktail Reception and Career Exploration

We welcome all graduate students and post-docs with specialties in Biology, Chemistry, or Engineering, who are interested in exploring a Patent Law career. Come “meet” Partners, Associates, Patent Agents, and Staff Scientists from our Firm and learn about how their expertise in science translates into a career in Intellectual Property.

A presentation about the Firm and potential career paths for scientists in Patent Law will be followed by separate breakout rooms for each expertise.

DETAILS
Tuesday, February 9th, 2021
6:00 p.m. – 7:30 p.m.
Via Zoom

RSVP
Please respond to Kayla Hobbs at khobbs@choate.com by Monday, February 1st, 2021. Be sure to confirm your preferred specialty breakout room choice: Biology, Chemistry, or Engineering.
