The Purdue University Chapter of Sigma Xi, the scientific research society, is conducting a Graduate Student and Post-Doctoral Fellow Research Awards Competition in the format of a scientific poster session. You and your advisor do not need to be Sigma Xi members to participate in this competition. Also, you do not need a brand new finding. You can use a recent poster presented at a scientific conference or meeting.

This is an excellent opportunity to learn about the excellence and diversity of scientific research at Purdue as well as to make others aware of your contributions. All graduate students and post-doctoral researchers with appropriate research experiences are urged to participate in this competition.

There will be a first prize of $200, provided by Sigma Xi, as well as recognition for other outstanding posters in each of four research areas.

Deadline to submit an abstract is 11:59pm on Feb. 9, 2018
